

SOLID PARTNERS GROUP

# ONE GOOD STEP

CAMPAIGN

---

Autism now affects 1 in 54 children; over half are classified as having an intellectual disability or borderline intellectual disability

NATIONAL AUTISM  
ASSOCIATION USA

The cost of caring for Americans with autism had reached \$268 billion in 2015 and would rise to \$461 billion by 2025 in the absence of more-effective interventions and support across the life span.

**Together, we can turn challenges  
into triumphs!**

## ETHICAL INVESTMENT CAN HELP PEOPLE WITH AUTISM AND THEIR COMMUNITIES

We strongly believe that all people, including autistic people, deserve to enjoy the highest standards of physical and mental health.

### WHAT'S IN IT FOR INVESTORS?

- For every \$1,000 invested, you get five kilograms of milk powder per year guaranteed—that's over 250 servings of camel milk each year, which is plenty for most children and adults. Or chose the equivalent in other camel milk products as they become available. This benefit will for last for five years.
- Investors get a lifetime 10% discount on our products (for personal use)
- Investors may resell our products and earn a 3% bonus on products sold

### WHAT WILL MY INVESTMENT BUY?

- Camel Milk for Children with Health Needs, Including Autism  
Camel farms and dairies will be established that blend the best of traditional and modern practices, including scientific oversight, veterinary care and efficient milking stations. The initial goal of 15,000 camels will increase over ten years to 100,000.
- Autism Hub Center
  - The mission of Autism Hub Center is to assist kids with autism and related disorders engage in play and skill development in the healthy atmosphere of a farming community. Soil, fresh air, animals, and sunlight in a place where they are fully accepted will aid their learning, give families a joyful experience, and benefit their microbiomes with exposure to nature and healthy foods.
  - The Autism Hub Center will use best practices and employ medical and therapy professionals to provide appropriate communication and learning opportunities and ensure high-quality oversight.
  - A research center for camel milk will be established to further scientific studies.

## WHO DOES THIS ETHICAL INVESTMENT SUPPORT?

Every camel milk product you purchase will directly and indirectly benefit:

- Traditional Mongolian herding families and camel farmers
- The growth of organic food and farming
- The sustainability of rangelands and rural villages
- Ethical economic development practices
- Mongolian wildlife biodiversity and livestock health
- Cultural preservation of camel knowledge and heritage
- Valuable genetic resources of camels that may contribute to science
- The nutrition of Mongolian and American children with health issues

With Every Drop We Produce, We Will:

- Keep camel milk as natural and healthy as possible
- Contribute to the lives of children and adults with autism
- Build ties between organizations that serve people with autism
- Create ways to benefit families living with autism in Mongolia and America
